LIFE: an inside look at the school of the year.

Most students never realize the difficulty the Valhalla editors face when they choose a theme for the yearbook. It takes much time and a lot of brainstorming to come up with an idea that suits all of the students. Chalice and I devised a theme to fit the student body as a whole: LIFE

Apollo Ridge High School is a big part of each of our lives. Regardless if we hate school or love school, it molds each one of us into individuals. It prepares us to enter the outside world, and helps us choose which direction to follow.

On behalf of the 1986 Valhalla staff, I hope you enjoy our book, and I wish you the best in life.

UNITED WE STAND

United we stand. When isn't that an appropriate slogan? Yet this year was more appropriate than ever.

The marching band, football team, STUCO, and several other organizations proved to the Apollo-Ridge student body that pulling together and working as one big family generates successful results. The importance of cooperation among activities and clubs is not the only thing to be considered. Students joining forces to complete assignments, study for tests, or even for just letting off steam to a good listener shows that special bonds exist between our student body.

A-R is a strong and proud school. We are able to share our feelings and ideas which help others. Not only are we helping, but we are creating a victorious outcome. This teamwork creates a bond of unity in the student body — UNITED WE STAND!

— B.R., T.O.

A Novel

approach

ENGLISH

Activating aspiring students' imagination is an easy job for Mrs. Ferrence. She adds humor to her novel course to liven up the class. With these outstanding qualities, Ferrence brings out the best in her English students.

Each nine weeks a different novel unit is taught; they are Futuristic, Greek Drama, Shakespeare and Social Criticism. In the commercial English course, Miss Kepple generates her students. She teaches a few novels, including Shakespearean tragedies.

Several questions have been asked about each unit and about the 12th grade English teachers. When Gary Mlinarich was asked, "What makes a good teacher?" he responded,

"One who is able to put humor into a lecture. This makes the students feel more comfortable and not inferior to the teacher."

Lary Mitcheson answered the same question with this reply,

"A good teacher is one who doesn't stick to the books; one that knows to be a good teacher, first you have to be a good friend."

By the end of the last nine weeks every student academic, general, or commercial, has been irritated by someone or something. That question arose and was asked to Maria Posney. She responded,

"What irritated me most was the immaturity displayed in the classroom."

The class of 1986 will always remember the fun times they have had in their English classes. They will also remember the tests that they forgot to study for, and the quizzes they failed.

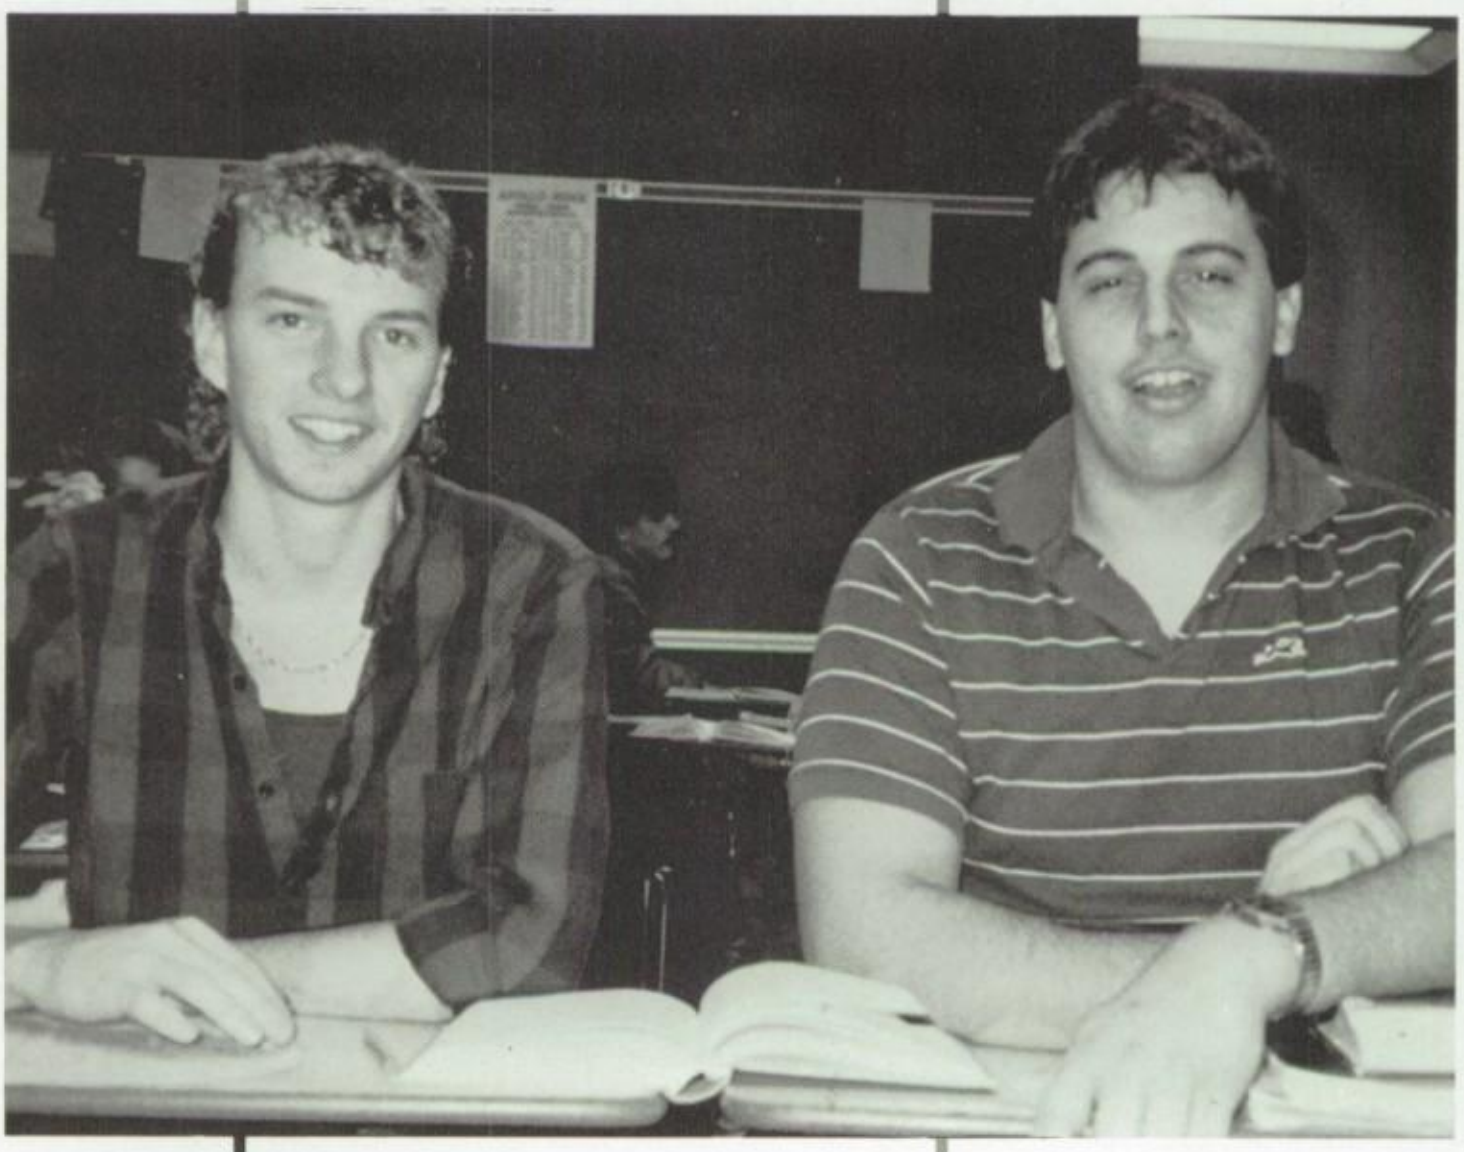
— B.M.

Taking a break from reading *Animal Farm*, Lary Mitcheson daydreams about what color he will dye his hair.

Mrs. Ferrence hands back the *All Quiet On The Western Front* projects, and Tracey Aaron isn't pleased.

What does Jill Lambert playing the trumpet have to do with "A Novel Approach?"

Trina O'Dell and Bonnie Ruddock pretend that they are enjoying their *Images of Man* books.



Ralph Sinnamond and Lou Amorino are ignoring the teacher and are planning the weekend instead.

FAREWELL CLASS OF 1986

Some of our fondest memories of the Class of 1986 were the times we discovered important parts of ourselves and experienced new emotions.

We learned responsibility — to make a commitment and keep it, no matter how much time and dedication it required. At times we were worn down, but we always struggled to keep a constant pace.

For some it was band or a choral program. For others, it was a sport or two. Participants discovered a non-stop will that kept us going in a positive direction. We were all striving for a similar goal personal and overall perfection.

Still there were the times when we all gathered for a celebration, for a special picture, or for the lack of anything better to do.

But all good things must come to an end. Here is where we say our farewell to each of you, the CLASS OF 1986.

You Can Never Surrender . . .

just a little more time is all we're asking for
'cause just a little more time could open closing doors
just a little uncertainty can bring you down
and nobody wants to know you now
and nobody wants to show you how
so if you're lost and on your own
you can never surrender
and if your path won't lead you home
you can never surrender
with a little perseverance you can get things done
without a blind adherence that has conquered some
and nobody wants to know you now
and nobody wants to show you how
so if you're lost and on your own
you can never surrender
and if your path won't lead you home
you can never surrender
and when the night is cold and dark
you can see, you can see light
'cause no one can take away your right
to fight and to never surrender, to never surrender

Two Golden Days

There are two golden days about which I never worry Yesterday and Tomorrow

Those days belong to God therefore that leaves me only today

Any man can fight the battles of just one day Oh Friend

It is only when we add the burden of those two eternities Yesterday and Tomorrow that we break down

These are God's days leave them with Him Therefore I will Journey Just one day at a time

. . . An Impressive Season

The 1985-86 Apollo-Ridge Viking football team displayed their best efforts this fall for an impressive season.

Winning 7 out of 10 games, the Mighty Vikes defeated such rivals as Leechburg, Ford City, and Deer Lakes.

Our guys worked long and hard at practicing and brushing up on their numerous skills: tackling the offense, sneaking past the defense, and carrying the football across the goal line.

But throughout the entire football season, one particular team member, John Hockenberry, was constantly in the spotlight. He broke the school record, rushing over 1,000 yards.

All in all, our Vikings pulled through the season by using teamwork and strategy.

Good job, guys!!!

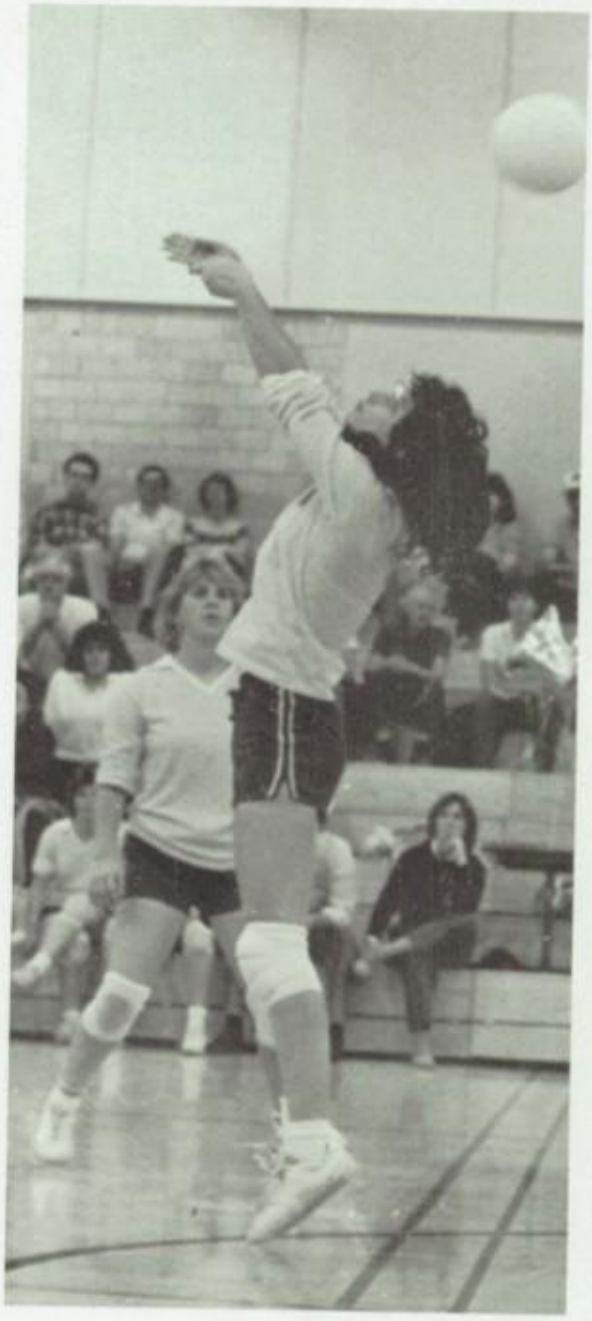
When the work pays off.

The familiar cry of "I got it!" was heard as the ball flew over the net. For the next month and a half, the girls' volleyball team rehearsed bumps, sets, and spikes until perfected. We strengthened our legs with frog drills, learned the code numbers for different sets and mastered the technique of power spikes. After many practices, we were finally ready for our premiere. The story was the same throughout our entire season. Every girl gave her best plus that "little bit more."



. . . an exciting season!

Although our Viking basketball team had their ups and downs this year, the players managed to generate enthusiasm and spirit from the crowds.

Helping out Mr. Davis in coaching this season was Mr. Scott Gillespie, a new member of the A-R faculty. With their combined efforts and strong support, these two men guided our boys through some very exciting and rewarding games against some pretty tough competition.

Everyone associated with the boys' basketball team deserves a fine word of praise for their efforts they made towards our school.

An eventful year.

Like many others, our school is fortunate to be able to support both boys' and girls' sports. Basketball is a prime example of this. Our girls' basketball team, under tremendous coaching ability of Mr. Bartha, have a flair and grace it takes to be the best. Even though they may have not won every game, they are still great in our book.

CHAMPIONS

With a sharp crack of the pistol, the race was on. While their feet pounded out a rhythm on the track, only one thought crossed the alert mind of the runner, 'Be the first to finish!'

Not only were the legs and feet vital, but so were the arms, the coordination of the two and a tough endurance to finish the race. As many track members would have said, there was much more to track than just running a foot race. Running track was a challenge to the runner himself to beat his own time, not just someone else's. It required a mentally fit mind as well as a physically fit body, so that the two working together would produce a champion runner.

As was true with all sports, a large amount of training was necessary in creating a swift team which would go on to state. With constant dedication to their sport, they hoped to develop a quality of pride and determination which would help them remain one stride ahead of the others, while becoming champions.

A trying season but we still have our pride.

Under the guidance of Coaches Crusan, Morgan, Kolessar, and Maschak, the girls' track team had an eventful year. The practices were monotonous and exhausting but in the long run it paid off. At the end of the season the girls weren't only in shape but they also had a certain pride and self-satisfaction about themselves.

Senior Amie Anthony

Another gallant effort.

The 1986 Apollo-Ridge Viking Baseball Team had a very exciting season. Coach Fello and his hard-working team put in long and exhausting hours. They were brought up against many tough competitors, but the Vikings still kept their team spirit. Apollo-Ridge is proud to see such great efforts put forth to a very rewarding season. Good luck in the future!

A good season for a well coached team.

The Apollo-Ridge High softball team started out with a new season, new team, and the hope of taking the championship. As practice started the words "C'mon girls, you can do better than that," rang out of Coach Zoldak's mouth, the girls began the long process of improvement. Although the gallant ladies' record wasn't perfect, they will always be considered so by their loyal fans.

"It was the most memorable evening of my senior year. I will never forget that night." — Chris Long

. . . The Most Memorable Evening

October 18, 1985 was one of the most memorable evenings for seven of A-R's Seniors. The weeks, the days, the hours — all seemed to drag on forever, until that day was reached.

The victory of Apollo-Ridge over Richland added to the excitement. Each girl and her escort were introduced as the band played, and the colorguard, and majorettes performed. Last year's queen, Bonnie Hollis, then crowned the 1986 Homecoming Queen, Miss Christine Long.

Bill Waltenbaugh looks to be at a moment of indecision.

Larry Mitcheson's performance as Lady Ophelia proved to be very very stunning.

Giving it Their All

The fifth annual madrigal dinner held on December 7, 1985 was one terrific performance that Apollo-Ridge can be proud of. Many long hours were put in by Mr. Varoula, the singers, actors, musicians, dancers, and other volunteer helpers to make the show a success.

The entertainment consisted of trumpet fanfares, a skit, the serving of the Christmas Feasts, a concert performed by the madrigal singers, and much more.

The singers' strive for that sensational sound was finally achieved. The actors proved their talents to be numerous. Everyone pulled together to show the success of "teamwork" and getting the act together. This achievement displays that the participants "gave it their all."

AR actors and actresses began shining by performing one-act plays in the fall. Students devoted many after-school hours to directing and practicing for the four one-acts. Despite the month of hard work, the plays failed to meet the deadline. Unable to be performed for the public, two of the plays were successfully put on for the student body, "Escape by Moonlight" was performed for the middle school. In the spring *invaluable* time and effort was devoted to the play *A Handful of Rainbows* — the story of two sisters who run a boarding house in Hollywood.

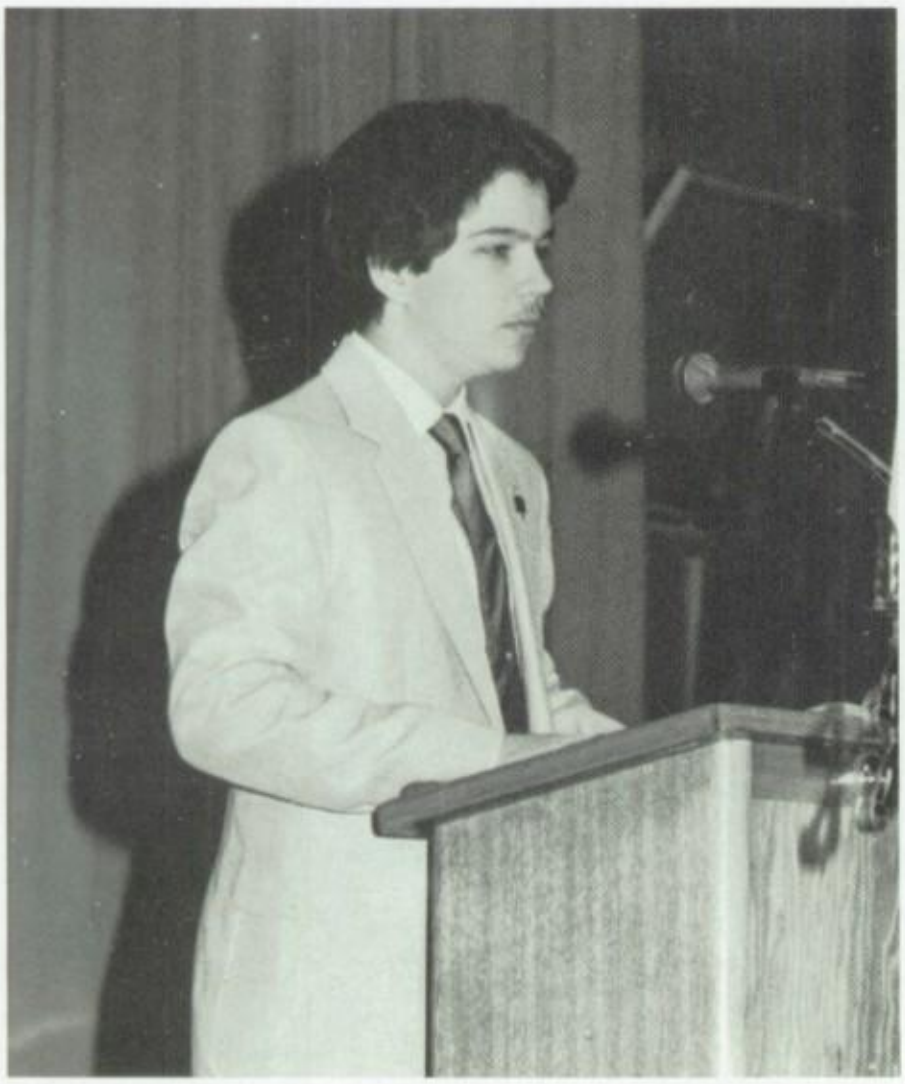
NATIONAL HONORS



SOCIETY

. . . A class that will not be forgotten soon.

Each year another class leaves A-R and enters society as graduates. These young adults go different ways. Many will never see their former classmates again, but they'll all have memories of their high school days.

June 3, 1986 was a day of happiness, joy, excitement and many other emotions. The class of 1986 is a class that will not be forgotten soon.

Congratulations and Best Wishes!

ACTIVITIES

Crescendo in Prestige

Led by drum majors Amy Gordish and Cindy Welsh, the band marches onto the field for their half-time performance as senior, Chalice Apel, introduces them to the football fans.

The band includes 68 musicians, 22 flag corps, and 7 majorettes, but that's not all. Mr. Kennedy, Mr. Kensinger, Mrs. Snyder and Mr. Lesik helped with improving different techniques and skills that were needed in developing a top quality band. The majorette sponsor, Mrs. Gray, and the flag corps sponsor, Mr. George, perfected the routines for their performances.

The band works for three weeks in August before school starts to perfect several different areas before putting on a performance. Besides working in the parking lot to master their skills for a halftime performance, they work for long hours to show their abilities in parades and competitions.

This year, the band has accepted the invitation to a competitive parade and planned their trip to Richmond, Virginia.

Mr. Kennedy deserves a big round of applause for all the hard work he has put in. The many awards earned over the years show his ability in working with the students. The long hours of practice are put in and the only word to describe the A-R band is prestige — they take pride in performing, and they work hard for their accomplishments.

A Special Thanks . . .

This year's 1985-86 Colorguard was quite successful. With a guard of 23 girls, Kim Madey as captain and Cindy Blanchard as co-captain, we took first in the Columbus Day parade and the Loyality parade. We performed for football season and for the parades in Apollo.

This year's Colorguard took 2nd place on our trip to Virginia. Other activities, outside of marching, were: serving for the Christmas breakfast at the Community Center, and ushering for band concerts.

In all, this year's Colorguard contributed quite a bit to the band and the school.

A special thanks to all the seniors for their hard work in their years of Colorguard. This year has been one of the best! Good Luck to those in next year's guard.

A Lesson in Spirit

The varsity cheerleaders are a dedicated group of girls who work very hard to arouse school spirit at football and basketball games. We were lucky to have had such caring girls.

It took a lot of hard work and time to make this squad successful. It meant many practices in order to give high quality performances. It meant making sure their words were cut, their thumbs were in, and they were always smiling. Most of all it meant learning, sharing, togetherness, and leadership.

. . . representing A-R with pride

Every year A-R students audition to participate in the many choral festivals. This year several were accepted. Apollo-Ridge sent 13 students to Armstrong County, 6 to District 3, and 1 to Regional 2. Each festival was a different experience. It took a lot of time and talent to represent A-R with pride.

This year's choral groups, though smaller in numbers than past years, have been large in desire and willingness to work. We are very proud of their accomplishments. Special recognition goes to those students who attended Armstrong County, District 3, and Regional 2 Choral Festivals. They represented our school well. The Choir, Chorus, and Mixed Ensemble presented a Christmas and Spring Concert as well as assemblies for the student body. The mixed Ensemble did a Madrigal Dinner under the direction of Mr. Donald Varuola. They also moved in a new direction by becoming a show choir and performing a thirty minute song and dance review entitled SRO. The fact that these groups make performing look so easy is a tribute to their hard work and dedication, for the easier something looks the more hard work there is behind the scenes.

CLUBS

A.V.

A.V. members are as important to teachers as mechanics are to car owners. They see that the equipment for instruction is available to teachers in good working order. Without the A.V. men, there would be no A-R videos.

Chess Club

The Chess Club demands creative minds and strategic manuevers from its members. During some activity periods, they don't even complete the first round.

Drama Club

The Drama Club began its successful year by warming up with several one-act plays, which were totally student produced and directed. Then they presented a shining performance in "A Handful of Rainbows."

F.B.L.A.

F.B.L.A. was involved in a competition at Robert Morris College in March. Several students placed in various events. As a fund raising activity the members sold calendars.

French Club

The French Club traveled to Irish Center in Squirrel Hills to see the musical groups Kantars and Claudia.

Plans for a trip to Canada fell through due to lack of student response.

German Club

The members of the German Club had a busy year. They sold Easter candy and pies. Several members used the money they earned from the fund raisers to help finance their trip to Germany.

19 A-R students traveled to Wurzburg, West Germany. Some knew the host family they were to live with while others had never before met them. All the students had a fantastic time even though they were there to learn not to enjoy themselves.

Literary Magazine

This year, the Literary Magazine is composed of 22 members. We plan to get at least 4 issues out this year. Tammy Pears is editor, Cindy Blanchard is co-editor

Newspaper

The newspaper and journalism staff are involved in many activities throughout the school year. In the beginning of the 1985-1986 school year, they held a car wash. At Halloween lollipops with messages were sold and in February hearts were sold. The newspaper also sponsored dances, the biggest of which was in April.

Journalism

Besides all of these activities, the most important achievement is the production of the school newspaper each month. The Journalism class plans, writes for, and lays out the entire paper. Every member of the newspaper staff is a contributing writer.

Library Aids

Library aids give up study halls in order to help teachers and students through library service. They perform clerical and circulation routines and assist others in the search for library materials. Without student volunteers, the high school library could not function.

Pep Club

The main function of the pep club is to promote school spirit. In doing so, the pep club participated in many school activities. They arranged pep assemblies and cheered at the football and basketball games. The pep club had one money making project; a hoagie sale. They also traveled to Kennywood on a field trip.

Ski Club

The ski club traveled to The Laurel Mountain Ski Resort. There were five trips planned. The first was on January 9. The others were scheduled every other Thursday until the first week of March.

Student Council

STUCO was responsible for homecoming. They put much time and effort in planning the half time festivities and making the decorations. They also selected movies and programs for next year.

Junior Class Officers

President Lenny Jackson
Secretary Cindy Blanchard
Treasurer Amy Gordish
Vice President John Fox

Yearbook

This year's staff participated in several fund raising activities. The biggest sale was that of the books themselves. They also sold candy bars, and boosters.

Industrial Arts Club

The purpose of I.A. club was to provide students, that have a shop class, extra time to work on shop projects. They practice safe work habits which is an important consideration when using potentially dangerous machinery.

Math Club

The math club provides private tutoring in all mathematics courses.

Senior Class Officers

Vice President Frank Stango
President Rita Metro
Secretary Tracy Speer
Treasurer Shelley Moyer

Varsity Club

In September when football season begins members sell popcorn and programs at all home games. During the winter the varsity club sells popcorn at all home boys/girls basketball games. In the spring we have a hoagie sale and solicit ads for the football program. This spring varsity club members worked in a variety of capacities at the "Special Olympics" at I.U.P.

The primary goal of the varsity club is to purchase senior jackets for varsity club members who letter in a varsity sport or participate for three years in the same sport.

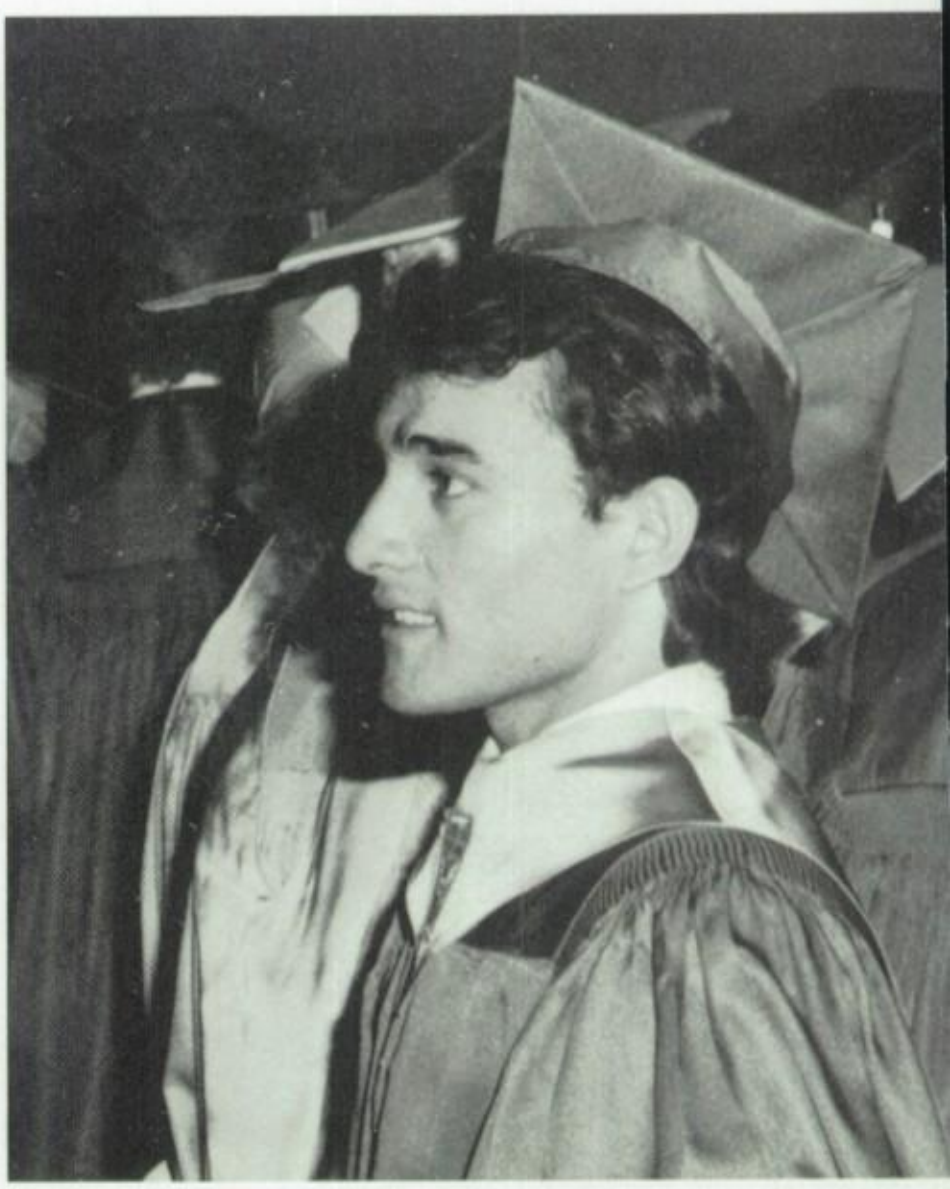
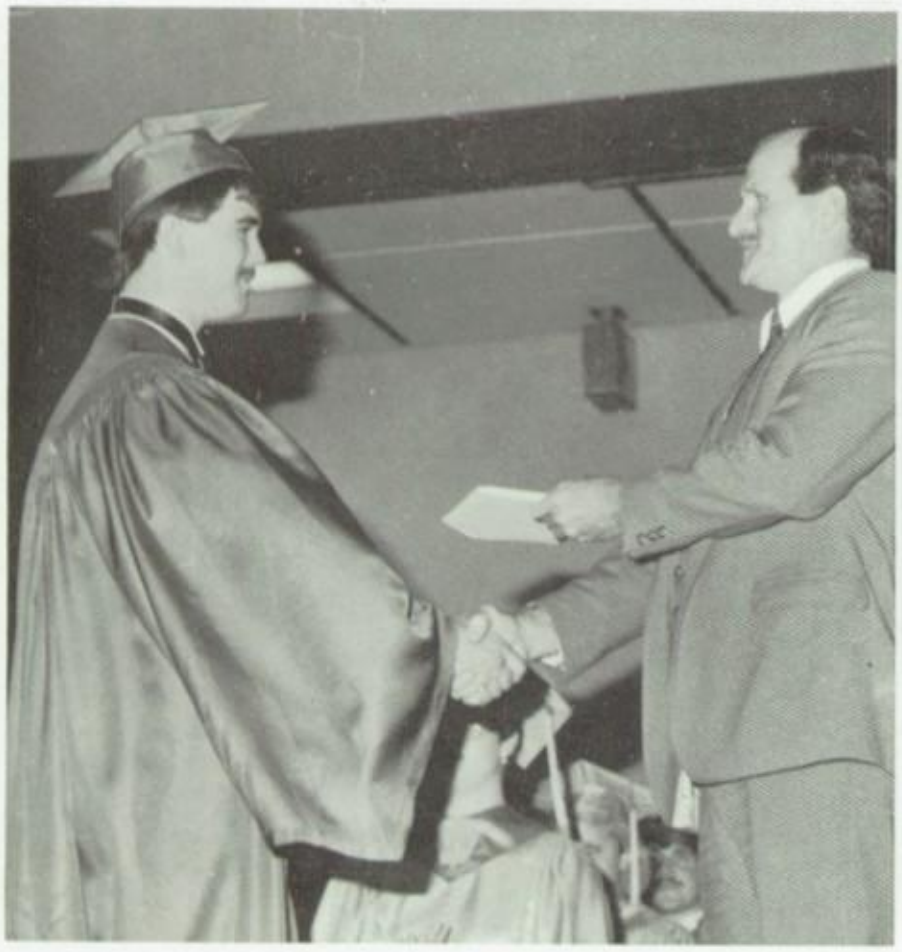
. . . one big Family

The class of 1986 was a strange, unusual, and unique group of "young adults." Each student was an individual, yet they all seemed to be part of one big family.

At this year's Senior Banquet the students created their own, original awards. The honors ranged from the most obnoxious to the most conceded. The awards were given by John Mutchka and Michele Crawford.

The evening also included the showing of a year-round video, the distribution of sports trophies, and the traditional gourmet dinner."





Graduation Day

Graduation Day

Today we'll start a new life
and we'll say our last goodbyes
to all the friends we've grown to love
with whom we've laughed and cried
remembering the fun and laughter
the problems and the fears
and watching all our memories grow
throughout our school years
the memories of the banquets
and the new friends that we've met.
Vacations, teachers, talking
and exams we'd rather forget
Yes school days are precious but brief
where all your dreams come true
It is not the end, but the beginning
of a life we'll start anew

Valhalla 1986

Thanks to a small, fabulous staff.

Every year two A-R students travel to Seven Springs Resort to attend a three day seminar. People who have never worked on the yearbook can't appreciate the hard work it takes to create the Valhalla.

The 1985-86 staff was big in numbers, but small in effort. Very few members actually created a page or drew a layout. I'd like to thank those who did:

Lauri Arduini
Dawna Eberhart
Kim Madey
Lynette Mara
Barb Morgan
Cindy Blanchard
Sue Burkett

A special thanks goes to Bonnie Ruddock and Debbie Dunmire. If it wasn't for their fantastic ideas and hard work the book would have never been finished.

Thanks again to my small, but fabulous, staff.

Trina O'Dell
